JEREMY SIONA

BSIS 2A

2nd-year college student majoring in Information Systems, passionate about technology, data, and problem-solving, I'm currently building my skills in programming, databases, and system development. I aim to use what I learn to create innovative solutions and grow as a future IT professional.

SKILLS

- Assemble and Disassemble System Unit
- System Design (Have a basic understanding in SDLC)
- Basic programming (C, C++, Python)
- Basic Web Development
- Collaborative tools (MS Office, Google Workplace, GitHub)

EDUCATION

MRDA ACADEMIC CENTER INC.
TVL - ICT
2022 - 2024

EXPERIENCE

SENIOR HIGH
TVL - ICT 2022 - 2024

Back in senior high school, I took the TVL-ICT strand where I gained hands-on experience in basic programming, computer systems, and office productivity tools. I learned practical skills in troubleshooting, and simple web development, which built a strong foundation for my college journey in Information Systems.
